PROFILE

Full-Stack Software Engineer with 3+ years of experience building scalable applications people actually enjoy using. From heavy-duty enterprise platforms for financial giants to sleek mobile apps, I turn complex business logic into high-performance digital reality.

Based in Nigeria and fully equipped to ship premium code for remote-first teams worldwide.

AWARDS

2025 - PRESENT Lotus Beta Analytics Staff of The Year

Recognized for exceptional technical contributions, engineering excellence, and consistent delivery of high-quality software solutions.

WORK EXPERIENCE

2025 - PRESENT

Lotus Beta Analytics | Lagos, Nigeria (Hybrid)

Full-Stack & SharePoint Solutions Engineer

- Architect enterprise apps, including onboarding and custom digital solutions for MTN Nigeria, LAPO, Alpha Morgan Bank, and Federal Mortgage Bank of Nigeria.
- Lead frontend application development, enforcing modern architecture patterns to deliver high-performance, sleek user experiences.
- Engineered secure SharePoint data migrations for energy sector giants, including Network E&P Nigeria Limited (NEPN), ensuring zero data loss.

2023 - PRESENT

Freelance | Remote

Full-Stack Software Engineer

- Engineered high-performance web/mobile apps using React/Node.js, including a custom music platform for Upcoma and interactive problem-solving tools.
- Boosted mobile conversion rates by integrating Paystack and Google Pay for frictionless regional and global checkouts.
- Elevated user retention by transforming legacy platforms into sleek, premium Apple and Shadcn-inspired interfaces.

SKILLS

- Frontend:** React, React Native, Next.js, TypeScript
- Backend:** Node.js, Express.js, Go (Golang)
- Databases:** MongoDB, Postgres, Firebase
- Cloud & Tools:** Azure, Google Cloud, Git, SharePoint Framework (SPFx)
